Subject: (U) New Aircraft Cleaning Pad Available/Interim Authorization
(U)
Importance: Low

UNCLAS

R221600Z APR02

1. The Defense Supply Center Richmond has announced the following National Stock Numbers (NSNs) for the new 3M aircraft cleaning pad.

Size	Part Number	NSN	U/I
6" X 12"	61-5001-8796-0	6850-01-496-4901	Case (50 pads per case)
4 5/8" X 10"	61-5001-8795-2	6850-01-496-4903	Case (100 pads per case)
3 1/2" X 5"	61-5001-87964-5	6850-01-496-4913	Case (200 pads per case)

2. The Air Force Corrosion Prevention and Control Office (AFCPCO) grants interim approval for their use until the next revision of T.O. 1-1-691 is published. These new cleaning pads will be added to T.O. 1-1-691, Table E-3, Aircraft Cleaning Equipment, and will supplement the current authorized white woven cleaning pads. However, the new pads will clean better and faster and will not damage the coating system. As a reminder, the green woven pads are unauthorized for aircraft cleaning use.

3. The AFCPCO POC is SMSgt Mark A. Foley, AFRL/MLS-OLR, Comm 478-926-3284, DSN 468-3284, e-mail: mark.foley@robins.af.mil
